The engine, with the engineer and fire-

the passenger cars, which were loaded with  
passengers, fell into the river.

—The wage-workers will be interested in the political meeting at Lappin's hall this evening. Mr. Fethers will say something of interest to them.  
—It is safe to say that Janesville young people will not forget the Halloween party given by Quindell Club at the Armory next Wednesday night.  
—Special preparations are being made to insure the success of the literary society supper to-morrow night. The bill of fare will be unusually tempting.  
—J. W. Bates, Esq., has returned home from his eastern trip, having made a tour of eight states, all of which he says are sold for the republican ticket.  
—The Cicerone Club had a very pleasant time on Saturday evening at Odd Fellows hall, the occasion being the inauguration of a social dancing season.  
—Attend the meeting at Lappin's hall this evening and hear one of the best political speeches of the campaign—Ogden H. Fethers, Esq., will address the meeting.  
—George Lee's trial on the charge of assaulting little Ettie Malby, of Beloit, was to have come before Judge Patterson today, but was adjourned until November 8th.  
—See that your name is on the Registry List. The boards of registry will meet at the several voting places on to-morrow. In order to vote, you must be registered.  
—The comedian with the Vanderdecken company, who takes the part of Vanstrom, the oolck of the Schilling, is a new hand at the business, but oh, how he "gets there".  
—Seventy-year-old Israel Love was before Judge Bennett today asking that the divorce granted him from Kate Love be sustained. Judge Bennett ordered that the defendant's motion to set aside the divorce be denied.  
—The Rockford Flambeau Company

will give an exhibition drill this evening in front of the Myers house. This is one of the best—if not the best—marching club in the country. It is commanded by Captain Lawler.  
—The ladies are cordially invited to attend the political meeting at Lappin's hall this evening and hear the address of Ogden H. Fethers, Esq. They are requested to come early and secure good seats.  
—The Ladies Afternoon Class will resume their studies at Mrs. Hawes' parlor, on Saturday, November 3d, at 2 p. m. The lesson will comprise twenty questions beginning with the "Wars of the Roses" paper No. 8.  
—Out of forty-one naturalization papers issued on Saturday by Clerk of the Court McGowan, all but three were to republicans, who will cast their first vote for Harrison, Morton, protection and the entire republican ticket.  
—The board of registration in the various wards will meet for registration October 30 and 31. Every elector should see to it personally that his name is registered. It is not registered he will not be able to vote at all Nov. 3.  
—Postmaster Clinton Babbitt, of Beloit, and several other of the "persious activity" democrats of the Line City, were in the city on Saturday evening to hear the free trade doctrines as preached by ex Senator Doolittle. Mr. Babbitt did not have a whisper to let loose concerning "free opium."  
—The funeral of the late Mr. John Martin was held at one o'clock Sunday afternoon from St. Patrick's church, the Rev. Father McGowan conducting the services. There was a large congregation present, and at the close of the services the remains were conveyed to Mt. Olivet cemetery for interment.  
—The armory of the Harrison and Morton Invincibles has been moved to the second floor of the Fethers & Jeffis building being occupied by J. B. Green's plumbing rig. The main entrance is on River street, directly opposite the west side engine house. The building is one of the best for armory purposes that can be found in the city.  
—The wedding of Miss Laura Phelps to Mr. Mark Matthews was celebrated at the home of the bride's parents, Mr. and Mrs. Sherman Phelps in the third ward, Saturday evening. The wedding was a quiet one, only a few intimate friends being present. The ceremony was performed by the Rev. Geo. Trever, of Court Street church, and at the close a tasteful wedding supper was partaken of by those present.  
—A regular meeting of the common council will be held this evening—provided a quorum attends, which is not very likely to be the case. The street demonstration to occur this evening will undoubtedly keep the republican aldermen from attending, and of course the democrats will want to see the Rockford Flambeau battalion maneuver on the streets. Probably no business meeting of the council will be held until after election.  
—The following pretty musical selections will be rendered during the performance of He, She, Him and Her, to-morrow night. "Farm Life," "Lawn Tennis," "The Bird's Life," "Male Quartette," "Oh, to be a Sandwitch," "extensive song and dance," "When are You Going to get married," "Base Ball March," "The Last Rose of Summer," "Hush, not a Word," "Grand Scale, Light Cavalry and Piquet Dance."  
—A pair of interesting birds were made in the city to-day. Two republicans agreed with two democrats that Cleveland was elected they would carry the two diplomas of true trade from the Grand Hotel to the Myers House in wheelbarrows, and pay for the dinner. Harrison's victory, however, will entitle the republicans to ride while the democrats furnish the motive power. The bet is to be paid as soon as the returns are in.  
—The Fond du Lac Commonwealth—F. B. Phelps, who has suffered the slings and arrows of the outrageous fortune of a local scribe, on the Green Bay Gazette, has resigned his position at Green Bay, and will assume the local editorship of the Copper Herald, published at Hancock, Mich. Mr. Phelps was on his way from Janesville to Hancock, but there was something in his heart that bade him tarry a day with Fond du Lac people. It is needless to mention to Mr. Phelps, but other people would like to know that he has a heart and there is something in it. There is another good point about Mr. Phelps. He is a ardent republican, and mourns that by his change of place he must lose his vote this fall.  
—The lower part of Lappin's hall was well filled on Saturday evening, and the gallery was about half filled, with people to hear what ex-Senator Doolittle had to say in favor of free trade. The ex-senator spoke for about two hours, fortifying his principal assertions and arguments by quoting Sidney Smith, one of the original free traders of England. In quoting from republican presidents, the ex-senator neglected to tell the last half of the truth he so desired to impress upon his hearers. He did not tell his hearers that all presidents, from Johnson to and including Arthur, earnestly recommended the reduction or repeal of the "internal revenue" of the government, but he did impress upon his hearers that "The truth half told is a lie." While Mr. Doolittle is an entertaining speaker his Saturday night's speech lacked that fire and enthusiasm of years gone by.  
—It is probable that District Attorney Malone would like to hold a joint debate on the following resolution:  
Resolved, That it costs the tax payers about twice as much for an assistant district attorney as it does for the district attorney. Malone to take the affirmative.  
Yes, the "district attorney" will debate the above resolution with Mr. Doe, provided the "city attorney" will debate a similar resolution relating to his office. The "district attorney" will inform the Recorder, and the people that with one exception—in the case of the state against Norington—the district attorney has not cost the county one cent for attorney fees, and that the district attorney did not desire assistance on that case; that he has fulfilled all the duties of the office, been at the court house every day, and that the county is the only remedy for a woman's peculiar ailments, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case or money will be refunded. Be guaranteed bottle wrapper. Large bottles, \$1. Six for \$5.

GOOD MEN AND TRUE.  
The Republican Candidates for County Offices Whose Election is Assured.  
Our Local County Ticket One of the Best Ever Nominated.  
The republican county ticket for 1888 is one of exceptional strength and the list of candidates from sheriff to coronor will be elected with the old time majority. The Gazette is pleased to offer a word of personal endorsement with the suggestion that the gentlemen nominated are worthy of the hearty and united support of Rock county republicans.  
C. O. G. BANCROFT.  
Of Clinton, will be recognized as Sheriff Babcock on the morning of November 7. Mr. Babcock is an old resident of the county, and perhaps the best thing that can be said of him is that he wears well at home. He enjoys the reputation of being honest, energetic, and capable and it is safe to say that he will make a good officer. The town that presented his name, recognize the honor of his nomination and his election by a handsome majority is not a matter of doubt.  
MR. C. D. VALENTINE, for register of deeds, needs no introduction or word of commendation at the hands of the Gazette. He has filled the office to which he will be re-elected so long and so efficiently that his re-nomination was by acclamation and unanimous. This flattering endorsement will receive a hearty second at the polls on Tuesday. There will be no change in the office of register of deeds and the people will continue to enjoy the benefits of Mr. Valentine's experience and ability. His record is above reproach and his integrity of the stamp that is never questioned. He will receive the solid republican vote, and a sprinkling from the democracy, that will help to swell his majority.  
MR. M. D. MCGOWAN, for clerk of the court was also nominated by acclamation, without opposition. A good evidence of the fact of his faithfulness and efficiency. The republican party does well to recognize his young men for positions of trust, now and then. Mr. McGowan is an energetic worker and the duties of his office have been faithfully discharged. The people will say by their vote November 8th that the convention acted wisely in re-nominating him.  
MR. W. F. WILLIAMS, for county clerk, is the right man in the place. If there is any office within the gift of the county that requires hard intelligent work, and faithful service it is the office of county clerk. Mr. Williams has demonstrated his qualification for the position, and the county have received the benefit. Possessed of strong convictions and conscientious honesty, the best interests of the county have never been neglected, and his work will bear the closest scrutiny. His reelection means "well done, continue," and the verdict November 8th, will be a flattering endorsement.  
MR. A. D. BURGESS, of Milton, for county treasurer, asks the suffrage of his party for the first time. He is an old Rock county boy, who wore the blue in the sixties, at the expense of his health. Possessed of a modest, retiring disposition, he had no thought of political preferment until urged by friends to seek the office to which he is nominated. He is thoroughly competent to fill the office well, and his election means a continuance of the same honest service that the county has so long enjoyed.  
MR. B. M. MALONE, for district attorney, will receive the united support of his party. That he possesses the qualifications of a good official, has been clearly demonstrated; and recognizing this fact, his majority at the polls will not be of uncertain quantity. Mr. Malone enjoys the confidence of the people. Honest in his convictions, and faithful to the trusts imposed, he will continue to serve the county well in the important office to which he is aspirant.  
The county is extremely fortunate in being able to secure the services of MR. EDWARD HUGHES as surveyor. Mr. Hughes enjoys a national reputation, and has no peer in the line of his profession in this country. He will continue to be county surveyor so long as he will permit his name to be used in connection with the office.  
MR. GEO. HANCOCK will make a wide awake coroner. He possesses good judgment and other qualifications well adapted to the solemn office. His many friends will see to it that he is elected by a rousing majority.  
THE COUNTY Ticket throughout is clean and wholesome. When the ballots are counted it will be found that straight tickets are largely in the ascendancy.  
The local democracy are claiming that the old time republican majority in the county will be cut in two, and four years hence, the republican party will be naught but a sad memory and a greasy spot.  
The Gazette will take occasion to predict that the county ticket presented, headed by Harrison, Morton and protection, strengthened by Board, Casswell and the strong list of state and assembly candidates, will sweep Rock county like a modern cyclone; snowing under the democracy with its free trade phantom, to the tune of from 3,000 to 3,500. This result is assured if every republican votes, and a good many of them will this year.  
Hurray for the republican ticket, from Harrison to Hawthorn. It is the winning ticket this year without a break, and don't you forget it.

SHOE TRIEVES AT WORK.  
They Break into Richardson & Norcross' Shoe Room.  
Thieves gained access to the basement of the Norcross block on River street yesterday and nearly succeeded in getting away with a sixty dollar case of shoes. About three o'clock in the afternoon, Thomas Cassidy, superintendent of the electric light dynamo, saw two men coming from the basement, one having a shoe box on his shoulder. Cassidy watched for a moment knowing that farmers frequently bought empty boxes and came around in the alley to pick them out. The men were evidently anxious to avoid being seen, however, and he started toward them to investigate. As he did so they dropped the box and ran. It was found that the case was full of ladies lace shoes only one pair having been taken.  
Officer Smith was at once notified and he and Marshal Hogan endeavored to find some clue as to the identity of the thieves. So far nothing has been developed. Both men are said to be strangers to the city. One wears a full beard and is above the medium height while the other is smooth-faced and small of stature, apparently not over eighteen years of age.  
IT IS TIME TO WORK.  
What Remains to be Done Before Election.  
In the last few days before election republicans may well follow the example of their democratic opponents. Especially is this so in the matter of registering, the last registry day being to-morrow.  
Milwaukee advice to the Chicago Times states that "democrats are now working with tooth and nail all over the state, and it is work that counts. When the registry lists close next Wednesday there will be few democrats that will not be registered. While the democrats have been alive to the importance of registration and seen to it that every member of the party has his name down on the books, the republicans in the majority of cases have let this important matter go by default. This may be overconfidence or apathy. Whichever it is it works the same way in furnishing a great deal of encouragement to their opponents.  
Unregistered voters should remember that they must appear before the election board to-morrow in person in order to secure the right to vote.  
THE SISTERS' FAIR.  
A Regular Jam at Richardson Hall Saturday Evening.  
There were over twelve hundred people in attendance at the Sisters' Fair in Richardson Hall on Saturday evening, as indicated by the door receipts. The large crowd was in the best of spirits and invested liberally in chances on the various articles offered for sale. Miss Mary Cantillon favored the audience in a recitation of one of her favorite pieces, and a chorus of little girls from the Catholic parish school rendered a selection in a very pleasing manner. The fair will continue afternoon and evening until Thursday night. On Saturday night the following prizes were drawn:  
Lemonade, No. 43—Michael Gagen; Box cigars, 113—E. M. Scanlan; Music spin, 101—J. J. Farrell; Wax cross, No. 5—R. J. Roche; Rag, No. 68—Miss Nora Burns; Black lace scarf, No. 86—Mrs. Den. Morrissey; Sofa pillow, No. 37—Henry Klein; China dish, No. 17—Eddie Yiner; Work basket, No. 29—Will Irwin; Wine set, No. 34—M. Murphy; Hand painted pin cushion, No. 25—Mrs. F. D. Shughrue; Bonnet, No. 30—Mary O'neary; Toilet set, No. 41—J. R. Bove; White fessinator, No. 90—F. M. Marshall.  
A poor unfortunate in Milwaukee is said to have sneezed himself to death. Also, poor creature, living in the light of the nineteenth century and never heard of Dr. Bull's Cough Syrup. Well, that is more than Egyptian darkness!  
NO: FOR ROCKFORD:  
Friday, November 24—Fare for Round Trip 75 Cents.  
The great political excursion to Rockford on Friday, November 24, to witness the republican demonstration in that city, will be participated in by a large number from Janesville, including the marching clubs. A special train will leave via the Chicago and Northwestern railway at 6:30 p. m., and returning, leave Rockford at 10:30 p. m. Fare for the round trip is only 75 cents, with tickets good for four days on any train. This will be a first class opportunity to see our sister city down the river in a "blaze of glory."  
What's the answer for a wound than Balaion Oil? Echo answers: "What." We answer: "Nothing." "So says we all of us!" Only 25 cents.  
THE WEATHER.  
At seven o'clock yesterday morning the thermometer indicated 40 degrees above zero. Partly cloudy with northwest wind. At one o'clock p. m. the register was 51 degrees above zero. Partly cloudy with west wind. For the corresponding hours last year the register was 37 and 42 degrees above zero. At seven o'clock this morning the thermometer indicated 38 degrees above zero. Clear with west wind. At one o'clock p. m. the register was 67 degrees above zero. Clear with northwest wind. For the corresponding hours one year ago the register was 30 and 35 degrees above zero.  
A RETURN TO DATE.  
This is always desirable, and the speedier it takes place the better. Doubtless welcome is in the case of those usually industrious little organs, the kidney, which, when they get on a strike, prevent health in more than one way. First and foremost, their inaction begets their disease, which is hydra-headed, including such dangerous maladies as Bright's disease and diabetes. Next, when motive they fail to assist in regulating the blood impurities that build rheumatism, gout and dropsy. Third, their inaction weakens the bladder. All this is preventable and remediable by the pleasant promoter of organic action, Foster's Standard Bitters, a tonic for the kidney and regulator. It gently but effectively impels the kidneys to return to duty, and strengthens them and the bladder. Upon the bowels, stomach and liver, it likewise exerts a regulating and invigorating influence, and it strengthens the system, and averts and remedies malaria and rheumatism.

THOSE RIP VAN WINKLE VOTERS.  
Rev. Mr. Waite Explains, Very Forebly, What He Thinks of Them.  
They Vote as They Do Because Their Grandfathers Did Before Them.  
The Rev. Joseph Waite talked politics to a large congregation at All Souls church yesterday morning.  
"I know," he said, "that this is a subject where preachers always find signs up 'Keep off the Grass.' It is a pastor's duty to teach religion, and for him to devote even a single sermon to pure politics, may be considered a breach of trust. And yet, the lines of thought and of life lie close together, and upon the endurance of good morals all things depend. American citizenship is comparatively a new thing. Obedience and loyalty are the important half, I admit; but another half has to do with ruling and governing. Man truly reaches the height of his development when he learns to unite power to obey and to rule."  
Mr. Waite insisted that America's naturalization laws are far too liberal. Besides that he would let there be a novitiate, and that citizenship have its dangers. The novitiate would have one vote, and as he advanced in integrity and worth he would gain another. Thus it was in Egypt, where the clown had one vote and the prophet a hundred. As it is now the vote of a man possessing all the worth of a Washington is neutralized by that of Patrick O'Reilly, who, if he ever read the constitution, did so by laboriously spelling out the short words and skipping the long ones. Mr. Waite insisted that no man should be allowed to vote who was ignorant as to the questions at stake. He said:  
"That man who goes to the polls not having taken time to thoroughly examine, fathom and master to the limit of his talent, the problems of the hour, deserves that the words  
"CIVIC DEPREZANT"  
be branded into his forehead. In an ideal state he will be forever thereafter disfranchised. One good reason why women say shall not vote is based right here—but may the good Lord have mercy on you, sweet sisters, if you couldn't cast a more intelligent ballot than one half these men."  
CAMPAIGN MEDITATIONS.  
Few, I am aware, will plead guilty to the accusation I bring. Profoundly, O, yes, certainly, profoundly they are studying the problems of the hour.  
How? Where? To what extent?  
Merely have they read or heard a couple of hazy pieces by the present ubiquitous person who "pamper the time and feeds with crude imaginings the hard-wild hearts and feeble wits that any sophist can lime." Not even have they heard the demagogue upon the other side. Had they or would they there would be some slight hope that demagogism might neutralize demagogism and truth come even out of this miserable melee.  
"Did you hear such and such a man?" you ask.  
"Oh, no; he's on the other side."  
Nor yet even when they come to their own demagogue—as one look into one-half of those faces turned up to yonder rostrum advertised—do they come with the spirit of inquiry. They come vibrating—  
"THE NOBLE MOTO 'ENTRUST!'"  
—to "trust" their man or party, and passing not on the trying question "Is my man or party right?" nor any such like insignificant. That they happen to have a party is to them an accident—an almost universal sentiment of course, but still an accident. Somewhere in the remotest antiquity an ancestor, roused from a slumber similar to theirs by having some ally terrorizing facts thrust right into his nose, by some political convulsion which shook him as a terrier shakes a rat compelling thought and driving him to intelligent affiliation, brain affiliation with a certain party. And so it came to pass that they were "born" in a party. Notwithstanding that that political party may have abandoned its principles and practices a score of times during the interval they are still in it solely by virtue of that ancestral thought process. That LITTLE BIT OF ANCESTRAL THINKING is the nearest point at which thinking, rightly so called has touched or affected their relation to the party.  
Make Rip Van Winkles of these partisans until their parties shall have interchanged places and principles as all parties in all countries occasionally do. Then wake them up and cry "Democrat!" "Republican!" and live out of six will up and chase after the right word and the wrong thing.  
Mr. Waite admitted that under BETTER CAMPAIGN OUTLOOKS the masses would present themselves more promisingly. In the majority of things the Canadian might very well copy after the American, but in the method of conducting campaigns Americans might well borrow from the Canadians. Upon the American platform speakers of the same stripe only, stand together. There is no one direction absolutely no check upon that "unhappy member" that "adder's dork," that fire, that world of iniquity, as the apostle derisively styles the tongue. True the auditor has the privilege of challenge, but that practically goes for nothing. The auditor who feels compelled to exercise this so-called privilege, knows well the result; and so does the speaker, and feels perfectly safe. The auditor will be allowed but one sentence whereas the orator may devote the rest of the evening to explaining him away, or "doing him up."  
An interruption calls forth commonly not a reply, but a something intended as an exhortation, and who shall answer that amid the clattering of co-wild heels and the wildest whooping? So he simply sits there inwardly ejaculating, "You're a sophist; you're an ignoramus; you're a liar; or takes himself out into the sweet, free, circulating air and underneath the quiet stars.  
"Where I had my youth, it was not thus, said the speaker. 'The rule is to have opposing speakers of about the

same calibre on each and every platform. The result is at the end of your nose. Those speakers are driven to thorough preparation and research. On the platform they fence and spar and practice ingenuity of statement, but they do not lie—right nor yet do they bring forth a clay pipe and a bowl full of suds and begin blowing.  
SOBBLES FOR BIG-BONDED BABIES to slap their gleeful hands at. The other fellow, sitting there with ear cocked and pencil cut, will nail the lie and prick the bubble. Thus is the platform like the courtroom—mainly veracious and, if defiled, falsity is kept at a minimum, and if any orator has had acrobatic proclivities he at least first anchors his balloon.  
"The result upon the audience is equally salutary. Campaigning, on their part means thinking as well as 'enthusing.' Their minds are kept alert, inquiry is begotten, and so, if Ontario has sometimes outwitted Washington you have the explanation. Canadian political customs compel political brains and yours do not."  
In conclusion the speaker said: "A man's duty will commonly take him into the ranks of a party, but it will sometimes also take him out of that party and into another, and at all times it will repress within him the partisan spirit—the disposition to deny the truth upon the other side; belittle, defile and befoul the other side, with all the rest that of the lamentable fruits of party spirit—falsification of nature, death of mutual respect, confidence and good feeling among men, the almost complete destruction of one of the chief forces by which men are kept in the path of virtue—I mean  
"PUBLIC SENTIMENT."  
"More I meant to say but more I must not. I am all up in a sweat. Citizenship demands that you get out of yourself into the commonwealth. The man who does not do this has no right to be a citizen, no right even to live where other people are." Nor need he fear that he shall lose his own with public interest, for, as Emerson says "That cannot but be good for the bee which is good for the hive." Out of himself, I say. Yes; and out of his party into a spirit as broad as the whole of the truth and the whole of the country."  
WHOOPERS HAD!  
Janesville Republicans Will "Enthuse" Vigorously.  
To say that Janesville will be a blaze of red fire, flambeaux and torches, decked with Japanese lanterns and set off by transparencies to-morrow is putting it mildly.  
The procession which will be in charge of Marshal M. A. Newman, will be headed by Rockford with the Harrison Guards, nearly two hundred strong, the famous Flambeau corps, fifty strong, and the Rockford City band. Following these will come the Beloit company—between one hundred and fifty and two hundred torches. Every able-bodied republican in the city is invited to take part in the parade and show the visitors that Janesville is thoroughly alive.  
Wherever possible, residences and places of business along the line of march will be appropriately illuminated. The procession will start from the depot at half-past seven and will move as follows:  
South on Academy street to West Milwaukee street; east on West Milwaukee street to Main street; north on Main street to Prospect avenue; east on Prospect avenue to Milton avenue; west on Milton avenue to East street; south on East street to South First street; west on South First to Main street; north on Main street to Lappin's hall.  
LOOK TO YOUR HORSES.  
Do Not Hitch on Main and Milwaukee Streets To-night.  
Secretary T. W. Goldin has received a letter from Secretary Frank S. Hogan, of the Harrison Guards, of Rockford, in which he requests that "no horses be allowed to stand hitched along the line of march." He says—"We do not like to run the risk of a runaway, and will blow our flambeaux offener if this does." Further on he says—"We understand that we fired into the democratic flag at Beloit, which we very much regret. We did not see the flag at all, and will ask that you appoint some one to go with our company and prevent any such occurrence at Janesville. Our torches give such a bright light that we can not see but a short distance."
